

SHANE SCHLEGER

Sydney, NSW • 0415 994 541 • spschleger@gmail.com

PROFILE

Experienced solid plasterer and renderer with over 12 years' hands-on experience across residential, commercial, and industrial projects in Queensland and New South Wales. Skilled in concrete patching, repairs, and rendering with strong knowledge of substrates, finishes, and protective coatings. Holds a Construction White Card, advanced first aid, and multiple high-risk work tickets. Brings additional experience from underground mining and construction labouring, providing a strong base in manual handling, machinery operation, and site safety. Reliable, hardworking, and motivated to contribute to ARG Workforce's reputation for quality concrete repair and remediation.

KEY SKILLS

- Concrete patching, repairs and rendering
- Application of protective coatings and finishes
- Solid plastering and decorative render techniques
- General labouring, site preparation, and manual handling (lifting up to fifteen kilograms)
- Power tools, hand tools and equipment use
- WHS compliance, White Card, advanced first aid

RELEVANT EXPERIENCE

Leading Hand / Solid Plasterer

Various Contractors, Mackay & Brisbane QLD | 2005 - 2017

- Supervised and managed plastering/rendering teams across residential, commercial, and industrial projects.
- Delivered concrete patching, repair, and rendering to a high standard across multiple substrates.
- Applied a wide range of decorative coatings and finishes, ensuring durability and client satisfaction.
- Worked to strict performance and safety guidelines, consistently achieving deadlines and quality targets.

Ventilation Operator - Ensham Mine (UG Coal)

Luna Mining | Mar 2025 - Present

- Performed underground construction tasks requiring precision and durability in harsh environments.
- Operated mobile plant, transported materials, and carried out heavy manual handling duties.
- Ensured compliance with site safety standards and shift requirements.

Ventilation Supervisor - Grasstree & Aquila Mines (UG Coal)

Whisper Mining / Manuplex | 2019 - Jul 2024

- Led small crews in underground construction projects requiring structural integrity and long-lasting finishes.
- Coordinated resources and supervised quality outcomes under strict safety protocols.

CERTIFICATIONS & TRAINING

- Construction White Card
- Advanced First Aid (HLTAID014, HLTAID011, HLTAID010, HLTAID009)
- Work Safely at Heights (RIIWHS204D)
- Underground Lifting Operations (RIIUND207E)
- Standard 11 (Surface and Underground Induction)
- Own Transport and PPE
