

SHANE SCHLEGER

Sydney, NSW • 0415 994 541 • spschleger@gmail.com

CAREER PROFILE

Skilled and reliable construction and mining worker with over 15 years' combined experience in **underground mining operations, construction trades, and crew supervision**. Proficient in general labouring, trade assistance, and machine operation with a strong safety focus. Holds a **Construction White Card**, advanced first aid, and multiple high-risk work tickets. Experienced in both mining and civil environments, now seeking to contribute skills to ongoing **labouring, trade assistant, or machine operation roles** across Sydney.

CORE CAPABILITIES

- **General Construction Labouring:** site preparation, manual handling, power tools, equipment setup, housekeeping
- **Trade Assistance:** supporting tradespeople, reading instructions/drawings, safe use of tools and materials
- **Machine Operation:** mobile plant operation, lifting operations, safe transport of materials/equipment
- **Health & Safety:** White Card, Standard 11 induction, advanced first aid, risk assessments, strong WHS knowledge
- **Teamwork & Reliability:** proven ability to work under supervision or independently, dependable and hardworking

RELEVANT EXPERIENCE

Ventilation Operator - Ensham Mine (UG Coal)

Luna Mining | Mar 2025 – Present

- Carried out underground construction tasks including building and maintaining ventilation control devices (similar to civil formwork/structural builds).
- Operated mobile equipment and performed manual handling of heavy materials.
- Ensured safety compliance and worked effectively within a team to deliver daily outcomes.

Ventilation Supervisor - Grasstree & Aquila Mines

Whisper Mining / Manuplex | 2019 – Jul 2024

- Supervised small crews in underground construction projects, coordinating labour and equipment use.
- Carried out manual labour, construction builds, and operation of underground machinery.
- Ensured team safety under strict health and safety regulations.

Ventilation Operator - Grasstree Mine

Whisper Mining | 2017 – 2018

- Assisted with labouring and equipment handling underground.
- Supported tradespeople and supervisors with construction, installation, and maintenance of structures.
- Gained extensive experience in teamwork and safe manual handling.

Leading Hand / Solid Plasterer - Civil/Building

Various Contractors, Mackay & Brisbane | 2005 – 2017

- Completed general labouring and trade assistance tasks across residential, commercial, and industrial projects.
- Operated tools, handled materials, and supervised small teams on-site.
- Applied WHS principles while delivering high-quality finishes.

TICKETS & TRAINING

- **Construction White Card**
- **S123 Supervisor** (Risk Management, Safety Investigations, Communication)
- **G2 Risk Management**
